

INTERNATIONAL BUSINESS WEEK

The Premier International Platform dedicated to “Going Global” and International Business expansion.

THE #GoGlobal MOVEMENT

Empowering Your Business to Scale Internationally

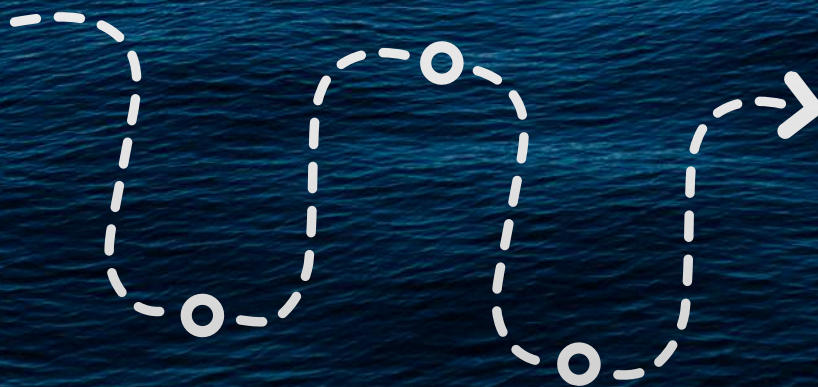

The **International Business Week (IBW)** is the world's **premier platform** designed to empower & **support businesses** aiming for successful international expansion.

Scaling a business into different international markets requires access to trusted partners, **robust networks**, and comprehensive ecosystem support.

IBW addresses these needs by creating a **Global Forum** for businesses, investors, innovators, and influencers to collaborate, exchange ideas, and foster business growth on a global scale.

MISSION

IBW's mission is to provide companies with the **resources, intelligence and networks** they need to scale across borders.

Through high-level discussions, **strategic networking**, and showcasing innovative solutions, IBW empowers businesses to **unlock international opportunities** by **navigating market entry challenges**, identifying trusted partners, and leveraging the power of global ecosystems.

#GoGlobal: IBW's core ethos revolves around empowering your business to **scale internationally**, ensuring you have the right partners, networks, and support to thrive globally.

Global Reach: With a broad geographical footprint, IBW brings together diverse business leaders, influencers, and key decision-makers from all corners of the world.

HIGHLIGHTS

5 Years of Impact : Since its inception, IBW has organized over **25 Summits**, Forums, and Retreats across five time zones, from New York City in the West to Singapore in the East.

Business Scaling Success: IBW has been instrumental in scaling over **5,000 businesses** globally by connecting them with a vast international network of business leaders, innovators, investors, and influencers.

Qatar Chamber hosts business delegations from eight countries

Qatar Chamber has presented the investment opportunities available in the country's business sectors before the 'International Business Delegation' (IBD), which comprises company representatives from India, Bangladesh, Malaysia, the Philippines, Nepal, Canada, Malaysia, and Singapore, in a meeting held in Doha yesterday.

The meeting, which was organised by Qatar Chamber, in co-operation with the IBD Summit in Doha, Address Gateway Company, and ICC Qatar, discussed Qatar's achievements in economy and the business environment.

This success was driven by a number of sound policies established by the country's wise leadership to open the economy and attract investments for industries and sectors that will cement Qatar's position as a leading regional trade and investment hub, said Qatar Chamber first vice-chairman Mohamed bin Tawar al-Kuwari.

Al-Kuwari also noted that this success was also supported by legislative reforms and laws that streamlined doing business in the country and attracted more investments in major sectors.

He called on companies participating in the summit to explore investment opportunities available in Qatar and to join hands with Qatari companies in development projects being undertaken within the framework of the Qatar National Vision 2030 and in preparations for the hosting of the 2022 FIFA World Cup.

IBD Summit president Younis al-Jaber said the visit was an initiative that aims to enable it easier for business owners in Qatar to sign new agreements and opportunities for foreign investors. He noted that the IBD has collaborated with sponsor Abu Dhabi Chamber and the Qatar National Summit Council.

Benji Alamed, a member of the Bangladesh Parliament and president of the Bangladesh Association of International Accrediting Agencies, said the IBD Summit provides a valuable opportunity for its members to discuss all business-related issues and affirm that it would play a crucial role in the development of world economies.

He added that Qatar and Bangladesh can co-operate in private economic zones and in the knowledge, renewable energy, and LNG sectors.
